HealthGenesis®

Together we can
accomplish anything

Our philosophy

At Health Genesis®, our philosophy is rooted in a deep commitment to empowering individuals to achieve optimal health and wellness. As a leading nutraceutical manufacturer, we strive to offer our customers exceptional products and services that embody the highest standards of quality, innovation, and integrity. With over 25 years of industry experience, we specialize in manufacturing a comprehensive range of dietary supplements, including herbal formulas, multi-vitamin supplements, probiotics, green superfoods, and organic products, among many others.

Our Commitment to Quality and Innovation

Our dedication to scientific research and rigorous testing ensures that our customers receive innovative formulas made with premium ingredients. We take pride in fostering open communication, providing flexibility, and delivering services that go beyond expectations. By choosing Health Genesis®, customers gain a trusted partner who is committed to their success, offering customized solutions, superior quality, and unwavering support.

HealthGenesis.com provides a convenient platform to request a free quote for your unique requirements.

About Us

About Us

Ensuring Uncompromising Quality

We begin our manufacturing process with high-quality raw ingredients sourced from qualified suppliers. Ingredients are thoroughly tested against strict specifications, including Identity, Purity, Strength, and Composition. Our dedicated quality team meticulously inspects every step of the manufacturing process, guaranteeing adherence to our high-quality standards and meeting our clients' exact specifications.

With a commitment to compliance, all finished products undergo comprehensive quality inspection to ensure FDA and FTC regulatory compliance.

Real People, Real Solutions

As a family-owned business, we pride ourselves on being real people offering prompt and practical solutions. When you contact us, you can expect to speak with a knowledgeable representative, and we respond quickly with accurate quotes. We understand the importance of effective communication and make our sales team available 7 days a week, 365 days a year, via phone, email, or text message. Our reasonable lead times, unparalleled quality, and exceptional customer service consistently surpass our clients' expectations.

As a genuine manufacturer, not a middleman, we invite our clients to visit our beautiful cGMP facility in Davie, Florida at any time.

How we do it

Unleash Your Creativity

Innovate with Health Genesis®. Our facilities and skilled team bring your unique product ideas to life. Unleash your creativity and craft exceptional nutraceutical products.

Custom Formulas

No need to settle. We specialize in custom formulas tailored to your needs. Tablets, capsules, softgels, powders, or liquids — we've got you covered.

Quality Assurance

Our FDA registered facilities ensure high quality standards. We strictly adhere to cGMP guidelines, delivering exceptional products.

FG

Private Label & Contract Manufacturing

Our Comprehensive Services

At Health Genesis®, we cater to both start-ups and established supplement companies, offering a wide range of private label and contract manufacturing solutions. We understand the importance of a professional corporate image and can assist you in creating a brand that stands out from your competitors.

Extensive Product Catalog

Our product catalog encompasses a diverse array of vitamins, minerals, herbs, and other supplements available in various forms, including tablets, capsules, softgels, powders, and liquids. We prioritize every aspect of the raw ingredients, ensuring the highest quality materials and implementing superior quality control measures during manufacturing.

Your Trusted Partner

We understand the challenges involved in selecting the right supplement provider from the myriad of contract manufacturers in the market. At Health Genesis®, we offer science-based products tailored to your company's goals. Our commitment extends beyond product quality to exceptional customer service, providing you with an extensive product range at competitive prices.

Choose Health Genesis® for unparalleled expertise, outstanding quality, and a strong commitment to your success. Our team of experts is dedicated to delivering the highest standards in nutraceutical manufacturing, helping you establish a distinct brand identity and achieve your business objectives. Trust us to be your reliable partner in the dynamic world of nutraceuticals.

HG

Raw Materials

→ QUALITY RAW MATERIALS, THOROUGH QUALITY ASSURANCE,
PRESERVED FRESHNESS AND STABILITY

At Health Genesis®, we prioritize the highest standards for our bulk powders and raw materials. Sourced from reputable industry leaders, our selection ensures excellence in quality. With competitive pricing and a wide variety of over 500 bulk products, including those for nutrition, food, pet, and cosmetics, we cater to diverse industries.

We ensure our that raw materials undergo rigorous scientific lab analysis, extensive testing,

and thorough screening processes to maintain quality standards. This commitment to quality meets the industry standards known as GMP (Good Manufacturing Practices).

We exceed requirements for nutraceutical and food-grade compliance. When ordering bulk products, we provide a certificate of analysis for added assurance.

All our products are stored in climate-controlled facilities to maintain their freshness and stability. Designed for human and animal consumption, our safe and food-grade nutritional supplement ingredients are available in varying quantities, with minimum order sizes ranging from 1 kg to 25 kg.

Raw Materials

Co-Packing

HG

Co-Packing Services

→ STREAMLINED SOLUTIONS FOR YOUR BUSINESS

Toll Manufacturing

Simplify your business operations with our comprehensive co-packing services. Whether you need your raw materials transformed into capsules, tablets, or powder blends, we offer efficient solutions. By sharing your project details and objectives, we will provide you with the best possible solution, competitive pricing, and a clear timeline to meet your needs. Experience the ease and convenience of working with Health Genesis®.

Co-Packing

Optimize efficiency by utilizing our toll manufacturing services. You have the option to send us your capsules, tablets, powder, or packaging materials, and we'll expertly assemble the final product for you. Alternatively, we can provide selected raw or packaging materials from our qualified suppliers, ensuring a finished product that aligns precisely with your specifications.

What our clients are saying

"As an entrepreneur, my experience with Health Genesis has been exceptional, marked by their professionalism, responsiveness, and customer-centric approach. They consistently exceeded expectations with clear processes and reliable timelines, providing services that go above and beyond the standard."

Amir Saberi, Ph.D. - ALLSUSTAINED

"Health Genesis has played a vital role in the success of our FineLand brand. Their unwavering focus on quality, science and customer satisfaction provides me with the confidence needed to effectively promote our products in the world of health and wellness."

Dr. Agustin Landivar - Social Media Personality - FINELAND

Bulk Caps, Tabs, & Softgels

→ CHOOSE FROM A VARIETY
OF FORMULATIONS

At Health Genesis®, we offer a wide selection of vitamins and supplements available in bulk. Save when ordering in larger quantities and enjoy the flexibility of choosing from different forms such as tablets, caplets, capsules, softgels, liquids, and powders. Whether you're looking to resell or use them for packaging purposes, our extensive range of bulk supplements provides ample choices. Contact us for a complete list of available options.

TABLETS

Cost-Effective and Long Shelf Life

Tablets offer an excellent cost-effective solution as they can accommodate a significant amount of material for their size. They are also easy to manufacture. Additionally, tablets have a longer shelf life and retain their potency better than many other supplement forms. With various shapes and sizes available, tablets provide versatility and convenience.

CAPSULES

Easy to Swallow and Rapid Absorption

Capsules are available in two forms: two-piece gelatin capsules or Veggie Caps made from vegetable sources. They offer distinct benefits, including effortless swallowing and rapid breakdown in the stomach for efficient ingredient release in the body. Capsules ensure convenient consumption and prompt absorption. While capsules are not airtight and have a shorter shelf life compared to tablets, they are an excellent choice for various nutrients and supplements.

CAPLETS

Convenient Size and Enhanced Coating

Caplets offer the same advantages as tablets, with the added benefit of a smaller size and a smoother coating. Their compact dimensions make them exceptionally easy to swallow. The smooth coating further facilitates comfortable ingestion. It's worth noting that the range of products available in caplet form is slightly more limited compared to tablets.

Share your project details and goals with our experienced team. We will go above and beyond to deliver the perfect solution.

Providing you with competitive pricing, a clear timeline, and most importantly, ensuring your satisfaction.

LIQUIDS

Adaptable Dosing and Easy Consumption

Discover the versatility of liquid supplements. With their easy-to-consume nature, liquids offer a convenient and customizable approach to supplementation. While liquids may have a slightly higher cost and shorter shelf life compared to other forms, their adaptability and ease of use make them a preferred choice.

SOFTGELS

Ideal for Liquid or Oil-Based Formulas

The optimal choice for delivering essential nutrients. Typically composed of gelatin or tapioca, softgels feature a smooth contour and surface, ensuring easy swallowing irrespective of their size. Manufacturing softgels requires specialized processes, adding to their intricate nature compared to tablets or capsules.

POWDERS

Adjustable Dosage and Cost-Effective Solution

Powders are highly versatile for adjusting dosages in small increments, offering cost-effective solutions, enabling you to optimize your budget while meeting your nutritional needs. They excel in their ability to be easily mixed with liquids or food for proper consumption.

International Opportunities

→ EXPAND YOUR REACH AND
BOOST YOUR BUSINESS

Unlock the potential of international markets for your products, services, and brands. We offer opportunities for collaboration, marketing, sales, and business development on a global scale. If you're interested in tapping into international markets, please get in touch with us. We provide assistance with registration processes in key markets, enabling you to navigate regulatory requirements with ease.

We are pleased to offer special services to our European customers. Shipping services are available to all EU member countries, ensuring convenient and efficient delivery. Our shipments to the European Union are handled through reliable freight services, providing door-to-door delivery. With customs clearance taking place in European facilities. Experience hassle-free and prompt deliveries, allowing your business to thrive in the European market.

At Health Genesis®, distance is never a barrier. Whether you're located here or abroad, we are committed to supporting your business needs. With our international opportunities and comprehensive services, you can confidently explore new horizons and seize global success. Partner with us for a seamless and rewarding international journey.
